About Srimati Techno Institute

Srimati Techno Institute previously known as National Techno Institution was established in Kolkata in the year 1989 by a group of Professionals and Academicians from various fields of specialization with a common objective and strong commitment towards the growth and training of technical experts. The team moved ahead with a vision to foster the spirit of technological learning and its applications. STI believes that a fast developing nation like India should have its human resources well trained in cutting edge technology. Today Srimati has the right kind of opportunities and ambience for educating young students in the digital era.

The Institution has been planned accordingly to provide budding ambitious young experts with State-of-the-art technology to meet the challenging frontiers of the new millennium. The importance of job-oriented courses is the focal point of academic programs at Srimati Techno Institute, which will attain and sustain its growth with advanced study methods. The curriculum meticulously selected and prescribed by our qualified technical experts of different disciplines are in equivalence with University & ITI standards and procedures.

Srimati Techno has been brought under the canopy of Srimati Techno Foundation and has been awarded ISO:9001:2015 Certification in the year 2018 for its quality Education in Management System and has been affiliated to West Bengal State Council of Technical and Vocational Education & Skill Development, Govt. of West Bengal

Multimedia & Animation@ srimati Techno Institute

Multimedia is used in a wide variety of fields. These applications are commonly associated with immersive, highly visual and 3D environments. Multimedia is a complete tool to express our ideas and thoughts to someone in a better way. The major role of multimedia is a digital invention of equipment like cameras and high definition televisions, computers. Concerning the development of technology, we believe that in the future, the use of multimedia teaching will be further developed.

Be a Creative and Collaborative Community:

When you attend a Multimedia and Animation school, you become a part of a creative and collaborative community. This course is designed to teach students the fundamentals of multimedia and animation and be an expert in that particular field. You get to learn from a vast array of creative individuals who are just as passionate as you want to bring their vision and talent to the industry.
