About Srimati Techno Institute

Srimati Techno Institute previously known as National Techno Institution was established in Kolkata in the year 1989 by a group of Professionals and Academicians from various fields of specialization with a common objective and strong commitment towards the growth and training of technical experts. The team moved ahead with a vision to foster the spirit of technological learning and its applications. STI believes that a fast developing nation like India should have its human resources well trained in cutting edge technology. Today Srimati has the right kind of opportunities and ambience for educating young students in the digital era.

The Institution has been planned accordingly to provide budding ambitious young experts with State-of-the-art technology to meet the challenging frontiers of the new millennium. The importance of job-oriented courses is the focal point of academic programs at Srimati Techno Institute, which will attain and sustain its growth with advanced study methods. The curriculum meticulously selected and prescribed by our qualified technical experts of different disciplines are in equivalence with University & ITI standards and procedures.

Srimati Techno has been brought under the canopy of Srimati Techno Foundation and has been awarded ISO:9001:2015 Certification in the year 2018 for its quality Education in Management System and has been affiliated to West Bengal State Council of Technical and Vocational Education & Skill Development, Govt. of West Bengal

SRIMATI TECHNO INSTITUTE

An Institute of Design, IT, Mgmt. & Technical Studies

Information technology (IT) is the use of any computers, storage, networking and other physical devices, infrastructure and processes to create, process, store, secure and exchange all forms of electronic data. Typically, IT is used in the context of business operations, as opposed to technology used for personal or entertainment purposes. The commercial use of IT encompasses both computer technology and telecommunications.
