## About Srimati Techno Institute

Srimati Techno Institute previously known as National Techno Institution was established in Kolkata in the year 1989 by a group of Professionals and Academicians from various fields of specialization with a common objective and strong commitment towards the growth and training of technical experts. The team moved ahead with a vision to foster the spirit of technological learning and its applications. STI believes that a fast developing nation like India should have its human resources well trained in cutting edge technology. Today Srimati has the right kind of opportunities and ambience for educating young students in the digital era.

The Institution has been planned accordingly to provide budding ambitious young experts with State-of-the-art technology to meet the challenging frontiers of the new millennium. The importance of job-oriented courses is the focal point of academic programs at Srimati Techno Institute, which will attain and sustain its growth with advanced study methods. The curriculum meticulously selected and prescribed by our qualified technical experts of different disciplines are in equivalence with University & ITI standards and procedures.

Srimati Techno has been brought under the canopy of Srimati Techno Foundation and has been awarded ISO:9001:2015 Certification in the year 2018 for its quality Education in Management System and has been affiliated to West Bengal State Council of Technical and Vocational Education & Skill Development, Govt. of West Bengal

Technical studies is a broad term that describes the practical aspects of hands-on fields such as engineering and computer science. Technical courses are generally more practical and vocational (career-oriented) than their theory-oriented academic counterparts.

### Technical courses are a great option if

- You want to gain job-relevant skills in a short period of time.
- You want to prepare for a career in a hands-on environment.
- You don't want to spend hours and hours learning about theories and principles that won't be relevant to you in your career.

Srimati Techno Institute offers you the chance to complete your technical studies through hands on practical. This means that you can study on a full-time or part-time at our institute campus. Instead, you will be able to work while you study, which gives you the opportunity to gain valuable workplace experience while you complete your studies. Studying in regular learning is therefore a great option if you want to further your technical learning without giving up the chance to enter into an apprenticeship, or to take up an entry-level position in your chosen technical field.

### The technical courses you can choose from include the following Courses

Name Of the Courses	Duration
Advance Electrician	2 year
Jr. Electrician	1 Year
Advance Fitter	2 year
Junior Fitter	1 Year
Automobile Mechanic	2 Year
Jr. Automobile Technician	1 Year
Welder	1 Year
Jr. Welder	6 Months

Name Of the Courses	Duration
Advance Welder (TIG / MIG)	1 Month
Jr. Welder (ARC, GAS, Gas Cutting)	3 Months
Jr. Refrigeration & AC Mechanic	1 Year
Mechanic Refrigeration & AC	2 Year
Civil Draughtsman	1 Year
Mobile & Smart Phone Technician	6 months
Jr. Mobile & Smart Phone Technician	1 Year
CCTV Technician	4 months

The paths that you can consider once you have completed your technical studies at Srimati Techno Institute include the following:

- Completing training and taking your trade test to become a qualified technician.
- Studying towards any trade, eligible to get Trade Certificates.
- Starting up your own business / Job (once you've gained some relevant expertise)

## Guest of Honour

S. C. Brown

Passed Mechanical Engineering, 2 years at Britannia Engg. Co. Ltd. 15 Years at Garder Reach Ship builders and Engineers Ltd. 23 Years in different units under Directorate of Industrial Training(D.G.E.T./D.G.S.T) served Instructor/Faculty in Engineering Drawing. After that as Service Seniority basis promoted to Officer grade (Gazetted) upto retirement.

Mr. B. Kishor Kr. Pati

B.Tech (Electrical), MBA. Being a technical management graduate, he successfully transforms the environment as well as mindset of student towards digitalize and technical up gradation.

Prabhata Kr. Pati

MCA from Biju Patnaik University Odisha, B.Sc with Computer Science Hons. Bhadrak Autonomous College, Bhadrak, Odisha. A Computer graduate with around 7 years of industry experience. He always encourages learning, up skilling and personal growth of the students with a broader vision.

Mr. Gaurish Semantia

Diploma in Electronics, TOT holder from NCVT. Worked as faculty for last 35 years with huge industry experience

Mr. Suman Datta

M.B.A., Diploma in Media Studies, Diploma in Advance Software Technology, 15 Years of Industry & Academic Experience. A truly creative person & always like to incorporate creativity & innovativeness in every work, he executed. He always like to transfer the same in the mind of his students to flourish their design skill in another level.

Mrs. Priya Rakha Das

B.Tech Civil Engineering. She is a technical graduate. She demonstrates the core aspects of civil Engineering so that the design made by students achieves more feasibility.

A. Sakshita Choudhary

A dedicated Faculty with completion of Diploma in Interior Design and Decoration and also Diploma in Fine Arts. He is a blend of creativity and successfully taking care of Interior Design department.

Mr. Aditya Barik

B.Tech (Electrical & Electronics Engineering) Being a graduate, he successfully transforms the environment as well as mindset of student towards digitalize and technical up gradation. In spite of that, Mr. Barik is motivating towards skill training for the upgradation of skilled professionals.

Mr. Suman Kar

Mr. Suman Kar is dedicated, dynamic personality who has completed B.Tech in Electrical Engineering. He demonstrates the core aspects of Engineering so that the design made by the students achieves more feasibility and success. After all, he is loved by all students.

Mr. Nimal S. Jana

Nimal S. Jana is a dedicated personality having completed certificate in Basic and Digital Electronics and has also passed Electrician from NCVT, DGE&T. Govt of India. His demonstration in electronics field has provided success among the students.

Mrs. Jays Mishra

DOEACC A Level, BSc in Mathematics Hons. Worked as Project Supervisor & Developer of NGOs in various concern. As a Faculty expert in Computer Hardware Technology in many Organization He always like to transfer the same in the mind of his students to flourish their design skill in another level.

Mr. Arjun Chakraborty

Mr. Arjun Chakraborty is an renowned Indian Film Actor, who was born and brought up in Rajshahi. He made his Film debut in a short character in the film 'Zaraki Zindagi' in 1983. His most influential acting was in 1986 film 'Ankush' starring with Nana Patekar. Later he was influenced with Bengali Film Industry, starting with the film, 'Kardiye Kihani' in the year 1989. Now he is directing films and his debut film as director is 'Tolly girls' in 2018. He was our chief guest in our program THINKING 2K24 and blessed all our students, which was held at Exhibition Hall, 5th Floor, Lake Mall, jointly organized by Srimati Techno Institute & Srimati Private IT.
